## 1. About CIFFA

CIFFA is the official and impressive virtual exhibition and matchmaking of food and agricultural products in China.

China has the world's largest market of imported food. In the first three quarters of 2021, China imported 101.41 billion US dollars of food, with a year-on-year increase of 29.8%, and the demand is increasing. However, due to the impact of COVID-19, there are some restrictions that Chinese importers are hard to overcome to take part in off-line exhibitions, especially the ones outside of China, and vice versa. To connect exporters directly with Chinese importers, wholesalers and distributors, China Council for the Promotion of International Trade (CCPIT) Information Center will organize the virtual B2B trade show -- the 3<sup>rd</sup> CHINA ON-LINE IMPORT FAIR & MATCHMAKINGS OF FOOD & AGRO-PRODUCTS (CIFFA III) from Feb 28th, 2022 to Feb 28th, 2023.

CIFFA I & II were completed in 2021 with great commercial success and with the participation of over 50 exhibitors from Russia, Italy, Turkey, Romania, Dominica, Brazil, Mexico, Mongolia Uzbekistan, Iran, Ecuador and other countries. This digital

exhibition was visited by over 2000 Chinese trade visitors, with about 150 B2B matchmakings held, and nearly 1000 digital business cards were exchanged between exporters and importers. These numbers are definitely the confirmation of success of this digital exhibition and highlight the leading role of CIFFA in the food and agricultural product industry in China.
